

FEATURED PROPERTY

Blast Walls and Open Bays

Building 913 is an outstanding building that offers 33,023 sq. ft. of floor space. Excellent for energetics manufacturing operations, this building is filled with blast walls and open bays and is located within a secured perimeter inside of the gate Great Plains Industrial Park.

Heavy floors of 18" concrete and rail make this building ideal for many industrial operations. Built in 1941, Building 913 has excellent natural light. Infrastructure to meet any need is available.

As an added bonus, ATF-certifiable storage is available on-site.

Short or long-term leases are available on these and a variety of other structures.
