

The Board of Directors is vested by the Labette County Commission with broad powers that will enable it and its staff to best develop the property, formerly known as the Kansas Army Ammunition Plant, into a productive and multi-faceted area, according to the Comprehensive Master Redevelopment Plan. Appointment to the Board will be made by the Commission. Please be advised that the appointment process will be based on a variety of factors, only one of which is this application. Balance of the board's existing expertise, specific projects, term expirations, etc. will also be taken into account.

#### EXPECTATIONS of MEMBERS

Board Members are expected to make every effort to attend each meeting, scheduled for the second Thursday of each month, at 8:00 a.m., at the Parsons City Commission Room. Members serve without compensation in a voluntary capacity, although they may be reimbursed for authorized travel.

Board members may be exposed to proprietary information of prospective companies and are required to maintain the utmost level of confidentiality. Additionally, as a quasi-municipality, the Board does fall under the Kansas Statutes governing Open Meetings and Open Records and all Board members are asked to attend an annual session (as a part of a regular board meeting) outlining the limitations of communicating with fellow Board members.

#### SIGNATURE

By my signature below I agree that if I am appointed I am willing to serve in the capacity of a Board Member for the Local Redevelopment Authority, and that I will set aside personal biases and business concerns when entering into discussions about what is best for the Authority. I do recognize however that this statement does not prevent my company from doing business with the Authority.

If not appointed to the Board I would like to be considered for selection on one of the Board's working committees in an area appropriate to my interests and qualifications. Yes  No
